# WHY INDIAN COW GHEE?

Indian ghee, with a 5,000-year-old legacy, stands as a timeless symbol of tradition, wellness, and culinary excellence. Revered in Ayurveda for its healing properties, it supports digestion, enhances vitality, and nourishes the body.

Made with care using the traditional pure butter-boiling method without the addition of Anhydrous Milk Fat, Indian pure ghee embodies richness with its golden hue, luxurious flavour, and a nutty, sweet aroma delicately balanced with caramelised notes. Its superior nutritional profile, including essential fats and vitamins, makes it a wholesome delight.

Made from the finest cow's milk fat, Indian ghee offers a luxurious flavour that lingers, elevating both traditional dishes and modern cuisines. Its high smoke point and unmatched versatility make it ideal for frying, sautéing, baking, or drizzling directly onto food for an indulgent finish.
